

CORSET PERFECTION

It is easier to make a mistake when buying Corsets than any other article of dress, but NOT AT THIS STORE, just because when we choose even the least expensive in our stock we insist they shall be correctly fashioned, of worthy materials only, and that they be satisfactory in every way. The carefulness on our part is the reason for our great success in this department.

WE CARRY THESE MAKES

C. B. A' la Spirite, the Corset that has for the third consecutive time been adopted by the Dressmakers' Protective Association of America. Fitted and demonstrated personally by the President of the Association, Miss Elizabeth A. C. White, on living models at Horticultural Hall, Boston, Mass., Feb. 21st to 23d. It received the highest possible award and grand prize at the St. Louis Exposition. We carry this Corset in nine different styles, from \$1.00 to \$2.50 per pair.

Cresco, the Corset that cannot break at the hips. A very practical Corset for stout figures. 10c per pair.

Loomer's D. H. & C. Corset. Spiral side steels, will not break over the hips. All boning is double. Every part is of the very best material obtainable. We carry this Corset in many different styles—a style for every figure. \$1.00 to 1.50.

Jackson and Ferris Waists are the very best of their kinds in the country.

Nemo Corsets.—The enviable reputation gained by these Corsets is by their being original in producing timely and practical innovations and their many special features. They were awarded a grand prize and a medal at St. Louis for excellency. A special with us in this make is the Abdominal Corset for stout figures. \$1.00 to \$2.50.

50c Corsets.—Here is where we figure strong again. To keep up to our standard we have to sell them on a very small profit, but we are determined to give the best for the money. In six different styles.

Corset Waists in the newest and best styles for the little people.

EDUCATOR SHOES

Keep the child's foot as nature intended, as shown at the left. Many children's shoes force the pliable growing bones and muscles into unnatural shapes as shown at the right. Educators are designed to keep the bones and muscles in nature's shape. The Oak leather soles provide lightness, flexibility and wear and upper leathers are of the highest class. To have your child thank you for perfect feet in later life buy EDUCATORS.
